

International Research Training Group, GRK 881,
„Quantum Fields and Strongly Interacting Matter“
Paris – Bielefeld – Helsinki

2003 – 2012

Final Colloquium

September 12 – 14, 2012

Bielefeld University

From lattice gauge theories and advanced analytical methods
to applications in heavy ion physics and cosmology

Organizers: Edwin Laermann, Frithjof Karsch, Dietrich Bödeker, Nicolas Borghini, York Schröder, Dominik Schwarz

For further information: homepage: <http://www2.physik.uni-bielefeld.de/finale.html>

Supported by Deutsche Forschungsgemeinschaft

For further contact: G. Eickmeyer, Faculty of Physics, guidrun@physik.uni-bielefeld.de
