

14. Kosmologietag

[Center for Interdisciplinary Research, ZiF](#)

Bielefeld University

May 16 to 17, 2019

We kindly invite you to participate in the 14th Kosmologietag in Bielefeld on May 16 / 17, 2019.

Kosmologietag starts as usual on Thursday after lunch and ends Friday noon. The obligatory dinner takes place on Thursday evening in [Brauhaus](#) in the city center.

The workshop consists of mainly contributed talks, complemented by invited overview talks given by

Hendrik Hildebrand

Ruhr University Bochum

Cosmological Results from Observations of Weak Gravitational Lensing

Pedro Schwaller

Johannes Gutenberg University, Mainz

Axions, phase transitions of dark matter? Probing the dark sector with gravitational waves

You are welcome to submit a title for a contributed talk about any aspect of cosmology, astroparticle physics and gravity including theory, observations and experiments.

Talks - with the exception of the overview talks - should last 15 minutes + 5 minutes discussion. The deadline for submitting talks is May 7, 2019.

Submitting talks is no longer possible. For exceptions, please, contact the organizer D. Schwarz.

There will be a moderate registration fee of 50,00€ to be paid by bank transfer (preferred) or cash upon arrival.

You will find the bank details on the (automatically created) confirmation of your registration.

The signed invoice/receipt you will receive after arrival at ZiF/Bielefeld University.

Child care can be provided in individual cases, but should be arranged at least 4 weeks before arrival.

For scientific questions - and/or support, please contact:

 [Dominik Schwarz](mailto:dominik.schwarz@zif.uni-bielefeld.de)

For non-scientific questions, please, contact: [Gudrun Eickmeyer](mailto:gudrun.eickmeyer@zif.uni-bielefeld.de) (secretary)

Organizers:

Dietrich Bödeker

Dominik Schwarz
